

**Make Every Drop Count...  
If you are not using a Bar Maid  
Premium Pour Measured Pourer  
you may as well be using a faucet!**

**Free pouring  
is the same as  
leaving money  
on the bar!**

**EXAMPLE**

1 case (twelve .75 ltr bottles)  
= 304 ounces and yields 243  
1 1/2 ounce pours

With just 1/4 ounce over pour per  
drink you only get 203 drinks  
per case

At \$6 a drink, the bar owner could  
be losing \$240 profit per case

7 cases a week results in  
\$87,360 of lost profit per year!

**Premium Pour  
Measured Pourers  
provide accuracy,  
drink consistency  
& more profit!**

The patented  
three ball design  
makes Premium Pour  
the most accurate  
pourer available!

**Why Premium Pours are  
"Best in the Bar"...**

- 1) Pourer ball bearings don't fall into the bottle thanks to our special patented design.
- 2) Smoother pour with less sticking ensured by a primer ring to channel liquor around the inner ball bearing.
- 3) Greater accuracy means more profit per bottle thanks to the patented three ball design.
- 4) Easy removal with our "lock-on" collar.
- 5) Four popular shot sizes 3/8, 1, 1 1/4, 1 1/2 ounces.
- 6) Four colors - blue, clear, green and red.
- 7) Wide cork (larger bottles) and flip-tops (to keep the fruit flies out) available.

**No Collar**
